

Ideation Phase

Define the Problem Statements

Date	18/10/22
Team ID	PNT2022TMID14274
Project Name	Gas Leakage Monitoring and Alerting System for Industries
Maximum Marks	2 Marks

Customer Problem Statement Template:

Create a problem statement to understand your customer's point of view. The Customer Problem Statement template helps you focus on what matters to create experiences people will love.

A well-articulated customer problem statement allows you and your team to find the ideal solution for the challenges your customers face. Throughout the process, you'll also be able to empathize with your customers, which helps you better understand how they perceive your product or service.

I am	<small>Describe customer with 3-4 key characteristics - who are they?</small>	Describe the customer and their attributes here
I'm trying to	<small>List their outcome or "job" the care about - what are they trying to achieve?</small>	List the thing they are trying to achieve here
but	<small>Describe what problems or barriers stand in the way - what bothers them most?</small>	Describe the problems or barriers that get in the way here
because	<small>Enter the "root cause" of why the problem or barrier exists - what needs to be solved?</small>	Describe the reason the problems or barriers exist
which makes me feel	<small>Describe the emotions from the customer's point of view - how does it impact them emotionally?</small>	Describe the emotions the result from experiencing the problems or barriers

Example:

I am	I'm trying to	But	Because	Which makes me feel
Gas leakage detector	detect gas leakage	small amount of gases also leads to fire or explosion	they are flammable and act as high source of ignition	dizziness and irregular breathing if incase of low level gas leak

Problem Statement (PS)	I am	I'm trying to	But	Because,	Which makes me feel
------------------------	------	---------------	-----	----------	---------------------

PS-1	gas leakage detector	detect gas leakage	small amount of gases also leads to fire or explosion	they are flammable and act as high source of ignition	Dizziness and irregular breathing if incase of low level gas leak
PS-2
